Virginia Vaccinations:

Virginia expects COVID-19 vaccines to be allocated to the Commonwealth by the federal government on a weekly basis.

- The amount of vaccine and the timing of when we will receive it will depend on the capabilities of the manufacturers to produce the vaccine safely.
- VDH has a [dashboard](#) on its website to keep people apprised of the number of vaccine doses distributed in Virginia and the number of doses administered. It is updated daily
- Detailed information on the phases [here](#).
